We stand with Ukraine 🇺🇦

Association Divadelná Nitra has joined all those around the globe who stand in solidarity and support of Ukraine, among others by publishing the Ukrainian flag on their social media. We are thinking of our Ukrainian colleagues and friends. We are also thinking of our colleagues and friends, theatre-makers in Russia, who are unable to work, create and express their views freely. We condemn the aggression against Ukraine, we express our support for its people and we regret the wasted lives and the ruined country. [We stand with Ukraine.](#)

The Audience Programme Board takes off

We are delighted to see many locals from Nitra express their love of theatre and interest to take part in shaping the programme of the largest international theatre festival in Slovakia once again this year. ITF Divadelná Nitra 2022 (23 – 28 September) has a new Audience Programme Board, who recently convened for their [first meeting](#).

It's still cold, but tulips are blooming

You have certainly heard of the highly successful creative integration project for visually-impaired and blind children A Tulip for You, organised by Association Divadelná Nitra since 2007. Despite pandemic interruption, recently, its supervisor acad. sculpt. Elena Kárová met its participants – children from Prince Pribina Elementary School in Nitra and the Elementary Boarding School for the Visually Impaired in Bratislava.
