

Projekty DARUJEM TI TULIPÁN a BLACK BOX

Darujem ti tulipán je celoročný projekt Asociácie Divadelná Nitra, zameraný na vzdelávanie a integráciu zrakovo postihnutých detí. V roku 2004 ho založila a doteraz vedie akad. soch. Elena Kárová. Dominantným podujatím projektu je **Septembrový tulipán** – každoročné integratívne tvorivé stretnutie detí so zrakovým postihnutím a detí vidiacich z Bratislavy a Nitry na Medzinárodnom festivale Divadelná Nitra. Objekt **Black Box výbeh** – interaktívne prostredie pre vidiacich o nevidiacich – sa na festivale Divadelná Nitra predstavuje širokej verejnosti. Black Box vo *výbehu*, teda v exteriéri objektu, predstavuje verejnosti princíp Braillovhovho písma, chôdzu s bielou palicou, pocitový chodník, maxipuzzle TULIPLAND, výstavu prác zrakovo postihnutých detí.

Projects TULIP FOR YOU and BLACK BOX

A TULIP FOR YOU is a year-round project of the Association Divadelná Nitra dedicated to learning and integration of visually impaired children. The project was launched by the sculptor Elena Kárová who continues to run it. The major event of the project is the **SEPTEMBER TULIP** – an annual integrative creative encounter of children with and without vision impairment from Bratislava and Nitra brings them to the International Festival Divadelná Nitra. One of the key public learning activities offered within the framework of the project is the **BLACK BOX** event – an interactive object for people without vision impairment about those affected by the impediment.

The Black Box object & paddock – an interactive setting for people with and without vision impairment – is presented to the general public at Divadelná Nitra. The Black Box *paddock* – the area outside the object, presents to the public the principle of the Braille tactile writing system, walking with a white cane, a sensory trail, maxi-puzzle TULIPLAND, an exhibition of works by visually impaired children.
